KOLEJ MATRIKULASI SELANGOR
KEMENTERIAN PENDIDIKAN MALAYSIA

ASSIGNMENT 1

MATHEMATICS 1
(SM015)
SESSION 2022/2023

Name : _____

Matric Number : _____

NRIC Number : _____

Group/Practicum : _____

Lecturer's Name : _____

Question	Marks	
	Question Mark	Actual Mark
1	7	
2	13	
3	6	
4	9	
5	15	
TOTAL MARKS	50	<input type="text"/> X 2

PRACTICUM: _____

NAME OF STUDENT: _____

LECTURER : _____

CRITERIA OF NUMERACY RUBRIC	5	4	3	2	1	SCORE 20
Analyze a given problem	Completely detailed the needed element(s) for problem analysis by formulating question(s), identifying relevant or missing information.	Correctly detailed some of the needed element(s) for problem analysis by formulating question(s), identifying relevant or missing information.	Partially detailed some of the needed element(s) for problem analysis by formulating question(s), identifying relevant or missing information.	Inaccurately formulated question(s), incorrectly identified relevant or missing information.	No evidence of question formulation, identification of relevant or missing information.	____ × 1 =
Represent Information	Accurately represented all of the given information by graph, chart, equation, formula, picture or spreadsheet, etc.	Accurately represented most of the given information by graph, chart, equation, formula, picture or spreadsheet, etc.	Accurately represented half of the given information by graph, chart, equation, formula, picture or spreadsheet, etc.	Information inaccurately represented by graph, chart, equation, formula, picture or spreadsheet, etc.	No representation of given information shown.	____ × 1 =
Decision Making	Able to make excellent decisions based on comparison and contrast between information, identify problems and available solutions.	Able to make good decisions based on comparison and contrast between information, ideas and available solutions.	Able to make decisions based on comparison and contrast between information, ideas and available solutions.	Able to make decisions based on comparison and contrast between information, ideas and available solutions with some assistance.	Not able to make decisions based on comparison and contrast between information, ideas and available solutions even with assistance.	____ × 1 =
Method	Achieve correct mathematical method including correct units of measure (if needed)	Achieve some correct mathematical method, but needed units of measure not included.	Achieve some correct mathematical method with mathematical flows or errors in reasoning.	Incorrect method – Major mathematical faws or serious errors in reasoning.	No mathematical method shown.	____ × 1 = /20

Total Marks for NUMERCY SKILL : (5% marks) : [_____ score ÷4] = _____ %
